

TO BE FAXED TO QPU 3259 1950

Dear Commissioner,

I hereby withdraw my consent for the Queensland Police Service to use my DNA sample for elimination purposes or to include my DNA profile on either the QDNA database or the NCIDD National Database. I require the QPS to take all necessary steps to have my DNA profile deleted immediately from any database on which it is contained. I also require any swab which may still be in existence to be destroyed. I authorise the General President of the Queensland Police Union to take all necessary steps on my behalf to have my DNA sample and DNA profile destroyed, removed or deleted as the case may be, and to make all and any inquiries on my behalf to ensure this has occurred.
